Information

We seek to host an important international swimming event (also for talented youth) in Banská Bystrica, which would represent not only its city, region, but also the Slovak Republic itself. The aim of the event is to display an opportunity for Slovak swimmers to get confronted with international competitors from around the world. Banská Bystrica Cup is one of the biggest swim meets in Slovakia. The goal is to present European and world swimming stars to become new role models to the Slovak swimming youth and also to attract the general public..

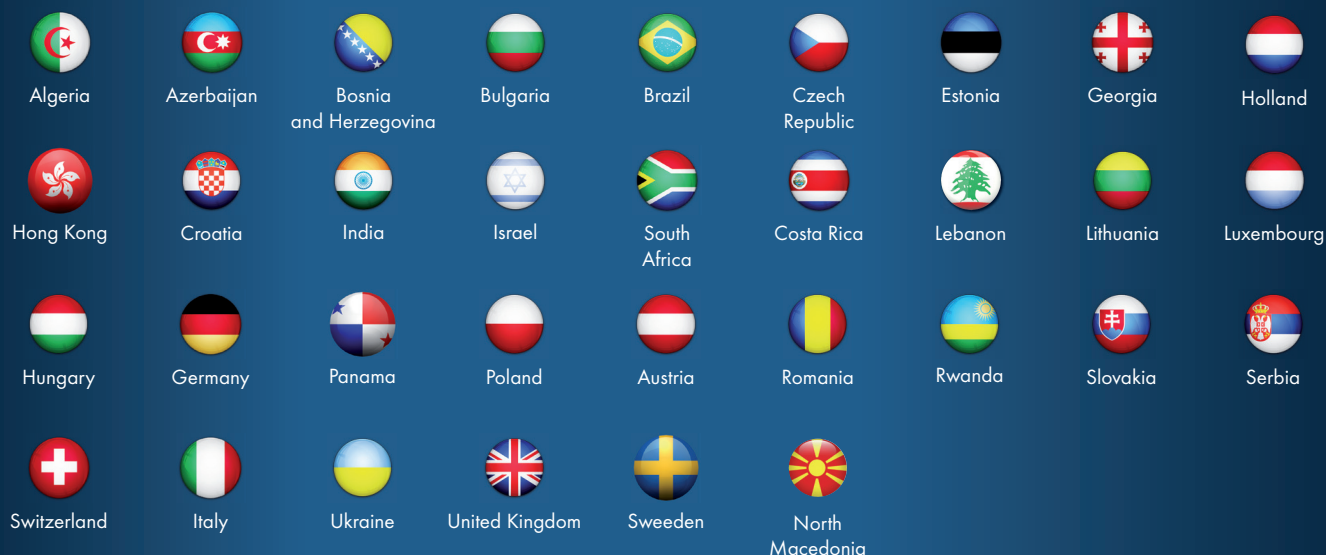

The original swimming meeting with few international participation has become an event that hold up to high standards of big European events. The rebuilding of the 50-meter pool at Štiavničky and the huge effort of the organizers contributed to its success.

In previous years we have welcomed in Banská Bystrica countless elite swimming teams, as they have never met in Slovak pools before. We welcomed three Olympic winners, the fastest woman on the planet, World and European Champions and many other World and European Championships medalists. The swimmers performed spectacularly, they have been breaking required standards for Olympic Games, the World & European Championship or the World University games. We have witnessed record breaking performances. The records of the meeting as well as Slovak records have been broken repeatedly. We would like to keep up this trend also during the upcoming 13th edition of the meeting. The standard has been set extremely high ...

Banská Bystrica swimming meeting proves its long term viability. World and European stars attracted as well as media and also a large number of spectators to the brand new pool stands and offers top performances with great atmosphere. Banská Bystrica Cup has established its place among the leading European format events. This year we managed to provide live broadcasting of our meeting through regional TV and an Internet portal (other options are still under negotiation). This brings the event new significance.

Come and test the venue (pool) EYOF 2022 - you are more than welcome!

In the history of the meeting we registered entries from 33 countries in total
